Bloom's Dreams

When Bloom discovers she's a fairy, she joins with Stella, Flora, Tecna and Musa as the Winx! One night at Alfea Magic School she has a vivid dream about a fairy called Daphne ...

"It was probably a psycho-magic message! Daphne is trying to contact you," says Tecna, when Bloom tells the Winx about her dream.

In the magic library, Bloom finds

out that Daphne is the Princess of Domino and one of the Supreme Nymphs of Magix. She wonders why she's dreaming about her.

Meanwhile, the evil Trix witches

persuade Riven, a Specialist boy wizard, to work with them.

“We can make you powerful if you tell us all about the Winx,” Darcy smirks, as he agrees.

When Bloom visits her family, she has another vivid dream. She’s a baby again and her firefighter father rescues her from a burning building. Mike explains that the dream was a memory.

“The whole place was on fire but the flames protected you. We always planned to tell you, but all of a sudden it was too late,” he adds, as he explains that he and Vanessa went on to adopt her.

“We loved you from the first moment and we’ll never stop,” her mother adds.

“I love you both too,” Bloom smiles, as she hugs them.

When Bloom returns to Alfea,

the headmistress, Miss Faragonda, sends her into a magical vision to see everything she knows about Daphne. In the vision, Daphne shows Bloom a crown.

“I hope that’s enough, you must end your search now,” Miss Faragonda tells her. “There are powerful forces at work here.”

At Cloudtower, the school of witches, Mirta overhears the Trix, Icy, Darcy and Stormy, planning to trick Bloom into thinking she’s a witch so they can take her powers. Mirta decides to warn Bloom.

Since discovering that she was adopted, Bloom has wondered who her birth family

were. Prince Sky agrees to help her break into Cloudtower's Archive to find the magic book that will answer any question, so Bloom can ask it about her past. Riven tells the Trix what she's doing, so they put their evil plan into action.

So when Bloom asks the magic book who she really is, the three Ancestral Witches say: "You are a witch like us!" Sky steps away in surprise and shocked Bloom runs away.

The next day, everyone looks for Bloom. Mirta finds her first, and tells her about the Trix's trick. She and Bloom are captured by Icy, but the Winx come to their rescue. Soon, the witches and fairies are battling fiercely.

"Stop it!" Mirta yells at the Trix, as she conjures up an angry

monster which blasts them away.

Furious, Icy turns Mirta into a pumpkin. But as she does, Bloom calls up her inner dragon, which zaps into the sky, making the Trix disappear. The fairies take pumpkin Mirta back to Alfea with them.

Bloom is pleased that she's not a witch, but she's worried that she hasn't heard from Sky. She asks him to meet her at the Dragon Exhibition the next day, but he tells her that it's only for VIPs, so she can't go.

Prince Sky tells his friend Timmy why he has been avoiding Bloom. "I'm supposed to marry Princess Diaspro, but I love Bloom!" he tells him sadly.

The Winx help Bloom sneak into the Dragon Exhibition to find Prince Sky. But she's heartbroken

to see him with Diaspro. Tearfully, she packs her bags and goes home to Gardenia. But when she arrives, she finds the Trix have captured her parents!

“What do you want!” Bloom cries in horror.

“The Dragon Flame!” Icy replies. “Years ago our Ancestor witches found the greatest power in the Magic Dimension was in you, Bloom. But your meddling sister Daphne hid you in Gardenia, so the Ancients got rid of her and destroyed your home planet Domino.”

“And now we’re taking your Dragon Flame,” Stormy laughs.

Bloom is amazed to hear that Daphne is her sister and she’s horrified to hear what happened

to her and to Domino. Bloom tries to fight off the Trix, but they rip out her powers and fly away gleefully. What will become of Bloom now?

Trix Trouble

The Trix have stolen Bloom's powers! What will they use them for?

The Winx are determined to help Bloom get her powers back. Meanwhile, the Trix use them to take over the witch school, Cloudtower. They put their headmistress, Miss Griffin, in the dungeon and imprison the Specialist wizard Riven there too.

"We're in charge now!" Icy boasts to them. "We'll begin with destroying Redfountain, then we'll capture the whole of Magix World!"

The Trix conjure up Creatures of the Dark to attack Professor Saladin and his pupils at the Redfountain wizard school. Bloom knows she must go to Cloudtower and take back her Dragon Powers!

As Sky, Bloom, Brandon and Stella go through the tunnels to Cloudtower, they are attacked by evil creatures. But they're saved by Riven, who has escaped from the dungeon. He apologises for working with the Trix. The Specialists are very glad to have him back! Miss Griffin also escapes, and she helps fight the Trix. Then she opens an escape portal to Alfea.

As everyone escapes, Bloom and Sky distract the evil creatures by flying at them on Sky's windrider. When the portal closes, Bloom and Sky fly off to Alfea, but when

Bloom hears Daphne calling her, she goes to Lake Roccaluce to see her.

Bloom enters the lake and sees Daphne in a magical vision. She tells Bloom not to worry about her past, it's her friends and family who make her who she is. Then Daphne shows her the crown of Domino and tells her, "You are a Princess, Bloom. Nobody can steal your past, your dreams or your powers. Look inside yourself

and you will find them all,” she smiles, as she disappears forever.

Bloom bursts out of the lake in fairy form shouting, “Magix Winx! Charmix!” as her Dragon form appears. She flies to Alfea to stop the Trix once and for all!

“Hold your positions!” shouts Miss Faragonda, as the Trix lead an army of Darkness to Alfea. The Winx use their Charmix powers to battle everything the Trix sends at them. But then Stormy’s tornado spell backfires, and she and Darcy are captured.

Bloom and Icy race across the sky as they battle each other. They end up fighting over Lake Roccaluce.

“Is that the best you’ve got *witchy-poo*?” Bloom teases, as she avoids one of Icy’s ice bolts.

“Aargh!” Icy screams furiously, as she throws an ice blast which hurls Bloom into the lake. Icy freezes it solid, but Bloom uses her powers to burst through the ice and defeat Icy. She then carries the unconscious Icy back to Alfea. Bloom then uses her Dragon Flame powers to blast away the remaining Dark Creatures, leaving peace and calm.

“Alright!” yell the Specialists, as the Winx hug Bloom and Sky pulls her into his arms for a kiss. Flora smiles at Mirta, the former pumpkin, who she has changed back into a witch!

Then it’s time for the Trix to face their punishment. “They will be confined to Light Rock Monastery until we see fit to release them,” Miss Griffin announces, as she leads them into a dimensional portal.

That night, the Winx fairies
and the Specialist wizards have
a party to end all parties at Alfea!

"I wonder what will happen
next?" Bloom says to Sky.

"I don't know," he replies. "But
we'll find out together," he smiles,
as a shooting star darts across
the sky towards the moon.

Aisha and the Pixies

*A fairy never
gives up without
a fight!*

The Shadow Phoenix has kidnapped the Pixies! Can Aisha rescue them and stop his evil plans?

A young fairy called Aisha creeps into the Shadow Phoenix's Underground Castle to rescue the kidnapped Pixies. But the Phoenix sees her! As Aisha carries the Pixies across a bridge to escape, the Phoenix appears in front of her. He captures

the Pixies in a glowing sphere and throws Aisha off a cliff! Bruised and battered, Aisha limps to Alfea, where she meets Bloom and Stella. They promise to help her rescue the Pixies from the Shadow Phoenix.

At Lightrock Monastery, the Trix smile evilly as they see the sky darken above them.

“Something wicked’s in the air,” smirks Icy, as the Phoenix appears.

“Come,” he says to them, “I have need of your dark hearts.”

The Phoenix conjures up Gloomix to give the Trix invincible evil powers.

“Now you serve *me!*” he tells them. “And soon so will the rest of the Magic Dimension, but first you must get the Codex for me from the Pixie Village!”

Stella, Bloom and Aisha go to the Phoenix’s castle to free the Pixies. But as they draw near, the Trix attack them. Stella and Bloom transform with their Charmix powers, but they’re soon overpowered. But then a stranger appears. He captures the Trix in a glowing sphere which disappears as he flies away.

Aisha introduces the Pixies to Stella and Bloom. Stella bonds with Amore, the Pixie of Feelings, and Bloom bonds with Lockette, the Pixie of Direction. The Phoenix watches from his throne room.

“My plan is working,” he smirks. “Soon I will have the Pixie’s secret *and* the Dragon Flame!”

The Winx cheer as Miss Faragonda allows Aisha and the Pixies to stay at Alfea. Then she introduces them to a new teacher, Professor Avalon.

“It’s the winged man who rescued us at the Phoenix’s castle,” Stella gasps.

Professor Avalon tells Bloom that he can help her find out more about her past by hypnotising her. When he does, Bloom sees her birth family, but then a dark cloud appears which becomes a snarling monster. She doesn’t remember much when she wakes up.

The next day, the Winx join the Specialists for the reopening of Redfountain. Sky notices that Bloom appears obsessed with Professor Avalon.

“It’s like she’s hypnotised,” he says, as she follows him around.

That evening Professor Avalon hypnotises the Pixies into returning to their village. Icy follows and forces them to give her the Codex.

“At last!” says the Phoenix, when Icy gives it to him. “And now for the final part of my plan – Bloom and the Dragon Flame!”

Professor Avalon takes Bloom into a glowing sphere which transports them to the Phoenix’s throne room. Avalon then reveals that he’s the Shadow Phoenix!

“With you, the Fairy of the Dragon Flame, I will rule Magix!” he tells her.

The Phoenix hits Bloom with evil magic auras, which transforms her into Dark Bloom. She cackles as the Phoenix tells her to start the

ritual to make him all-powerful.
But the Trix quickly interrupt him.

“Aren’t you forgetting *us*?”
Icy asks him sharply.

“I send you back from where
you came,” the Phoenix chants,
as the howling Trix are sucked
back to a magic-free life at
Lightrock Monastery.

The Phoenix uses the Codex
to open the doorway to the
Interplanetary Dimension. Bloom
then begins the chant of power.
The Pixies open the portal so the
Winx and the Specialists can stop
the Phoenix.

“The Doorway is opening and
you are all doomed!” the Phoenix
yells, as Bloom continues her
dark chant.

“Bloom!” Sky pleads. “Fight for
who you truly are! You are stronger

than the Phoenix’s evil powers and
I care more about you than anyone
else in the world.”

As Bloom comes back to herself,
she makes the evil magic disappear.
The Specialists, Pixies and Winx
join forces to fight the Phoenix.

“Charmix convergence!” shout
the Winx, as their power for good
defeats the Phoenix’s evil plan. The
Winx and their friends have saved
the day once again!

Disaster in Gardenia

The Winx have gained the power of Believix! They soon need all their powers to stop a disaster in Gardenia ...

The Winx are visiting Gardenia to bring magic to Earth. As the Specialists go to meet them at the Frutti Music beach bar, Prince Sky shows the wizards his Pendant of Eraklyon.

“I’m giving it to Bloom,” he tells them. “When a ruler of Eraklyon presents it to his true love, they have good luck and happiness together for the rest of their lives.”

“I’m sorry I had to spend so much of the summer at Eraklyon,” Sky tells Bloom later.

“It’s OK, you are Crown Prince after all,” Bloom smiles at him. Sky is about to give Bloom the pendant when disaster strikes! Kiko leaps onto the table to get to a glass of carrot juice, but slips and knocks it at Sky. Sky gasps as the pendant falls out of the box. He grabs it just before it smashes on

the ground. He puts it in his pocket to give to Bloom later.

Aisha calls her cousin Tressa using her camera phone. Tressa is the daughter of King Neptune and Queen Ligea and tonight Neptune is crowning either her brother Nereus or his twin, Tritannus, as his successor.

“Nereus is a real sweetie but Tritannus is a bit of a psycho,” Aisha tells the Winx, as they crowd around her phone to watch the ceremony. But, when King Neptune makes his way to his throne, Tritannus is nowhere to be found, so Nereus is crowned as his successor.

But as Neptune goes to put a crown on his head, it is blasted out of his hands. Everyone panics and

Tressa's phone is knocked out of her hands, so Aisha's mobile screen goes blank!

At the coronation, Tritannus, wearing a mask, hits Nereus with an energy blast.

"Assassin!" shouts Neptune and fights him. As he pins him on the ground, he cuts off his mask, revealing Tritannus.

"You picked my brother. For this I will destroy you all!" Tritannus yells, as he's led to Andros Prison.

As Aisha calls Tressa, they hear a loud *BOOM*. An oil rig is on fire! Tecna scans it. "There are multiple pipeline ruptures and oil is flowing into the sea," she says.

"We've got to rescue the workers and stop the spill," replies Bloom, as the Winx and the Specialists rush to the rig.

Stella protects the workers from the fire and Musa's Harmonic Attack blasts a falling crane into the sea. Bloom's Fire Catcher absorbs the fire and Tecna's Tecnoshock removes the oil from the water. Flora then uses magic vines to fix the broken pipes, but oil is still leaking out from under the rig!

"Underwater Breath!" shouts Aisha, as she dives down to it. Above her, Sky helps the Foreman off a burning deck. But as he pulls him onto his windrider, the pendant of Eraklyon falls out of his pocket into the sea.

"Nooooo!" Sky cries, as he loses his grip on the windrider and both he and the Foreman fall towards the water. Bloom catches Sky, but the Foreman falls underwater, where Aisha rescues him.

Together, the Winx fix the remaining leaks. "Purifying Wind!" say Tecna and Musa. "Crystal Water!" say Aisha and Bloom. "Green Burst!" cry Flora and Stella. "Convergence!" they shout together, as a shimmering light dissolves the spill and makes the rig an eco-friendly organic structure.

"We didn't get all the oil," Flora says sadly. "There's a slick moving across the ocean floor." Tecna does some quick calculations.

"The spill could pollute thousands of miles of ocean," she tells the Winx.

"But now magic is on earth and in the oceans," Bloom replies.

"So pollution and magic could mix? Sounds like trouble," says Stella thoughtfully.

Deep under the ocean far away in the Magix World, Tritannus is locked in a cell at Andros Prison. He soon meets his neighbours, the Trix, who have been sent there after more bad behaviour. Tritannus smiles evilly. He knows they can help him escape!

Tritannus' Revenge

It's the night of the Winx benefit concert. Meanwhile, the oil slick from Gardenia causes trouble in Andros ...

Everyone cheers as the Winx finish their final song of the benefit concert they've put on to raise money to clear up damage from the oil spill. As they leave the stage, Aisha's phone rings. It's Tressa, who tells her what happened at the coronation and how Tritannus is now in Andros prison.

Deep under the sea, the oil slick flows through the Earth Gate and heads for Andros. Philla and Lemmy, the keepers of the Ocean Gates of Earth and Andros, try to stop it, but it makes their powers fizzle out.

In Andros prison, Icy is chatting to Tritannus. "You *obviously* should be king," she tells him. But suddenly the oil from the spill flows over Tritannus. "It's toxic!" he cries, as his eyes go green and

he transforms into a monster!

"I will make my father regret that he chose my brother over me!" Monster Tritannus growls, as he smashes his cell, freeing himself and the Trix.

Back at Gardenia beach, Sky tells Brandon that if the Crown Prince of Eraklyon loses the Eraklyon Pendant, like he has, it means he'll never be happy with the girl he loves. Sky is devastated. He thinks he can't be with Bloom.

Monster Tritannus blasts the prison guards with his trident, which turns them into mutants. He then uses his trident to suck the power out of Lemmy and Philla, so he can escape Andros.

"I'll rule the Magic Dimension!" he tells Icy.

"I just wish we could help," Icy

says sneakily. "If you could restore our powers ..."

Tritannus then transforms the witches into their evil selves again, but the effort is too much, and he turns back into his old self again.

"I think you ran out of toxic pollution," Icy tells him. "But we can get more on Earth!"

"Then that's where we'll go!" Tritannus replies.

In Gardenia, the Trix hypnotise some thugs into emptying toxic waste into the ocean, so they can turn Tritannus back into a monster. But then the Trix notice that there is magic in the air. They realise the Winx are in Gardenia too.

"Destroy the fairies!" Tritannus tells his mutants.

The people on Gardenia beach scream when they see the mutants coming out of the sea.

"Winx Transform! Believix!" yells Bloom, as they turn into fairies.

"Magic Echo!" shout Musa, taking down one of the mutants.

"Fire arrow!" calls Bloom, taking down the second mutant. Aisha gets hold of the third mutant's tail and swings it into the other two. Outnumbered, the mutants retreat back into the ocean.

Then Bloom is hit with an icy blast. "Haa-aay!" says Icy, giggling evilly at her.

"I thought you were in jail," Bloom replies.

"Things change!" Icy shouts, as she blasts Bloom again.

Together, Musa, Bloom and Stella use their magical powers to battle the Trix, while Aisha, Tecna and Flora follow the mutants down to the ocean floor. There, they see Monster Tritannus for the first time.

"You pathetic fairies think you can stop me? I will destroy you!" he shouts. But his powers are weakening and he flees back to the

Gate of Andros and uses his trident to swim through it. The Winx can't follow him.

"I can't believe that monster is my cousin," Aisha tells Flora and Tecna.

"We couldn't stop him. Our magic is too weak underwater," Flora adds.

The Winx realise they have to go back to Alfea and make their magic stronger so they can take on Tritannus and the Trix.

"We'll find a way to fix everything," Bloom tells her parents. But no one sees Tritannus' face projected onto the water.

"Icy, I promise we will destroy those fairies ..." he cries.

"... together!" Icy cackles evilly in reply.

The Winx face troublesome times ahead with the joint evils of the Trix and Tritannus out to get them.

They'll need to work harder than ever to make good outshine evil!
